

JBet ATP World Tour Men's Tennis Microsoft Access Relational Database Member Live Update...

=====

*This webpage is updated within minutes of an ATP Database Web Publication.

*This webpage is the only place you need to go to know the latest status and plans of all JBet Member Resources.

*Members can use their given JBet email address or the site Submit Boxes to ask questions, give opinions, on any database or betting analysis topic at all.

*Member Passwords will be changed on random occasions and ALWAYS emailed.

*The JBet ATP Database will be updated on-line as soon as the latest statistics become available (generally 3 days after tournament completion). If Members would like daily updates (Latest Matches with Results but no statistics), then just let us know.

*The name of the JBet ATP Database will stay the same regardless of how many Match Result years it contains. This will allow you to just download and replace the file on your computer with all your linked database/s still working perfectly.

JBet Team Comments and Notes: The first ever publication of the JBet ATP Database. Required so customers ARE NEVER GUESSING the state of the Tennis Database, instant information, without having to rely on the less convenient email process. At this moment the JBet ATP Tennis Database Ratio 61.90% is what we are working on increasing. Over time our web surf robots will get this figure higher, along with adding new statistics like Player Height and Weight.
